Part 10 - HIGHWAY-LIGHT RAIL TRANSIT GRADE CROSSINGS

1000 GENERAL

OMUTCD Part 10 is titled "Traffic Control for Highway-Light Rail Transit Grade Crossings," and is intended to specifically supplement and reference criteria for traffic control at highway-light rail transit grade crossings.

Very few, if any, routes under **ODOT**'s jurisdiction should involve this situation. However, ***TEM Part 10*** has been reserved to address, as needed, any additional information on this subject.

1095 REFERENCE RESOURCES

Various reference resources that may be useful have been noted in ***Sections 193, 194 and 195***.

Intentionally blank.
