

I-75 - Disalle Bridge Repair Lucas County

Project Name (ID Number): Interstate 75, Disalle Bridge Repair (25555)

Community (County/City): Lucas County, City of Toledo

Project Description: This project consists of replacing the current bridge deck surface on the Disalle bridge crossing the Maumee River. Additional bridge work will be performed at Miami Street overpass and railroad bridge north of Wales Road. The last major repair on the bridge was 20 years ago. Lanes on the Disalle bridge and adjacent ramps are often restricted for pavement repair due to potholes. Motorists can expect intermittent lane and ramp restrictions in both directions of I-75 between Wales Road and South Avenue.

Work to Begin: July 2009

Estimated Completion: November 2009

Stimulus Investment: \$5,585,106

Total Project Cost: \$11,751,280
