

Port of Toledo Cargo Facility Rail Loop Lucas County

Project Name: Port of Toledo Cargo Facility Rail Loop (PID 87250)

Community: City of Toledo, Lucas County (Toledo-Lucas County Port Authority)

Project Description: This project is for the reconstruction and enhancement of the on-dock rail capability at the Port of Toledo's general cargo facility. The existing rail no longer meets today's current design standards and will improve the efficiency of current freight rail operations.

Work to Begin: Within 180 days (May 2010)

Estimated Completion: December 2010

Stimulus Investment: \$5,390,000

Total Project Cost: \$5,390,000
