

State Route 2 Howard Road Safety Improvements Lucas County

Project Name: State Route 2 at Howard Road Safety Improvements (PID 82401)

Community: Eastern Lucas County

Project Description: This project will alleviate safety concerns by widening State Route 2 in Lucas County at the Howard Road intersection, with exclusive left and right turn lanes. Work will also provide wider medians and shoulders while upholding environmental standards of the nearby Wards Canal. This is the final "super two" widening project, consisting of adding turn lanes and widening the highway at various intersections to improve safety along this heavily traveled state route in Lucas and Ottawa Counties, which serves as a main connector to vital Lake Erie tourism destinations.

Work to Begin: Within 180 days (April 2010)

Estimated Completion: November 2010

Stimulus Investment: \$2,374,000

Total Project Cost: \$3,051,400
