

## SR-83 Bridge Replacement, Lorain County

**Project Name** (ID Number): SR-83 Bridge Replacement Project (5742)

**Community** (County/City): Lorain County

**Project Description:** This project involves the replacement of a deficient 38-foot bridge structure over the Carpenter Ditch, 0.17 mile north of Jason Road. ODOT PID 18232, LOR-83-10.32 – The project includes a 120-day detour.

**Project Sponsor:** Ohio Department of Transportation

**Community Economic Distress Factors:** Lorain County has a moderate jobless rate of 6.76% and an annual average income of \$30,625.

**Economic Development Potential:** This project is shovel-ready and will begin construction in less than 120 days. It is just south of the North Ridgeville corporation limit, in Eaton Township, a prime location for future development near industrial and bedroom communities in Cuyahoga, Lorain, and Medina Counties.

**Multi-modal Connectivity/Innovation Factor:** This project maintains access for the 7,690 motorists who travel this road daily to and from the State Route 10 interchange area (23,140 ADT), accessing the Ohio Turnpike and Interstate 480 for work, school, or shipping operations.

**Work to Begin:** in 31-90 days

**Estimated Completion:** 4 months

**Stimulus Investment:** \$427,996

**Total Project Cost:** \$470,800
