

Jackson-279 Resurfacing

Project Name: State Route 279 Resurfacing (PID: 76468)

Community: Jackson County

Project Description: This is a preservation project necessary to maintain the integrity of the existing route and the infrastructure of the state highway system in Jackson County. The project will resurface 11.45 miles (22.90 lane miles) of State Route 279 from the route's intersection with State Route 139 to the western corporation limit of Oak Hill. SR 279 is the only east-west route on the state highway system in the county's southern portion, serving as the primary artery for motorists traveling to Scioto and Gallia counties via Oak Hill.

Work to Begin: 90-180 days (September 2009)

Estimated Completion: 2 months (October 2009)

Stimulus Investment: \$1,580,350

Total Project Cost: \$1,632,190
