

## City of Marietta Resurfacing / Washington County

**Project Name:** city of Marietta resurfacing - (13289)

**Community:** Washington County, City of Marietta

**Project Description:** Resurfacing over seven miles of city streets, reconstructing 100 ADA curb ramps along city streets, and limited drainage improvements.

**Project Sponsor:** City of Marietta

**Community Economic Distress Factors:** 5.34% unemployment rate, \$28,330 median household income

**Economic Development Potential:** Funding will allow needed improvements on various city streets which are heavily travelled by various public and commercial vehicles. Marietta relies on its retail and tourism industries for economic growth and sustainability.

**Multi-modal Connectivity/Innovation Factor:** The resurfacing of streets will allow for more efficient travel of various vehicles including commercial trucks, ambulance, fire trucks, police and other emergency vehicles, and all public travelers to and from Marietta. Additionally, Marietta has a large population of cyclists who use the various streets. These streets will help connect cyclists to current and future bike paths. Furthermore, the upgrade will make the streets of Marietta comply with all ADA standards.

**Work to Begin:** July 1, 2009

**Estimated Completion:** November 15, 2009

**Stimulus Investment:** \$1,172,170

**Total Project Cost:** \$1,227,987
