Qualified Product List Specification - Requirements

ODOT Construction and Materials Specifications 661.02

Requirements for inclusion on the Qualified Product List

To be included on this list submit to the Office of Materials Management the following information:

1. Certified letter stating your firm will supply only plant material conforming to the American Standard of Nursery Stock, latest edition. Provide recertification documentation by January 1 of each year.

Acceptance by the Department

Firms will be listed on the Department's qualified product list web page. Acceptance in the Department's Construction Management System and on the QPL screen will be by using State General producer/supplier - Producer/supplier code 00099 or the actual firm producer/supplier code.

Field Documentation requirements

Products on the QPL will be accepted if they can be identified by the field as supplied by a Licenced dealer or manufacturer listed on the Department's Qualified Products List
