Quick Setting Concrete Mortar

Qualified Product List   Specification - Requirements
ODOT Construction and Materials Specifications 705.21 and S 1070

Requirements for inclusion on the Qualified Product List

Submit to the Office of Materials Management the following information:

1. Manufacturer's letter certifying quick setting concrete mortar supplied to the project will meet or exceed Departmental specifications and include:
    A   Conform to the requirements of Supplement 1070
    B   Provide certified test data on the quick setting concrete mortar showing compliance to materials requirements.
    C   Typical markings on the packaging and any date markings.
    D   Application instructions and temperature limitations.
    E   Effective product life
    F   Agreement to immediately notify the Department on any changes in production, materials, dimensions, before shipment.

2. Provide the Department a contact name, number and e-mail address

3. Provide re-certification documentation by January 1 of each year

Acceptance by the Department

The Office of Materials Management will review a manufacturer's submittal for compliance with specification requirements and will evaluate any pre-qualification samples.

Accepted products will be listed on the Department's qualified product list web page and will be loaded into the Department's Construction Management System for acceptance in the field through the QPL screen.

Field Documentation requirements

Products on the QPL will be accepted if they can be identified by the field to a supplier/manufacturer listed on the Department's Qualified Products List
