

Inorganic Zinc Silicate Primer Paint

Qualified Product List Specification - Requirements

ODOT Construction and Materials Specifications 708.01

Requirements for inclusion on the Qualified Product List

Submit to the Office of Materials Management the following information:

1. Provide a written request stating an understanding of the requirements of Supplement 1084, Bridge Paint Certification Requirements and include:
 - A The address of all manufacturing, shipping, and storage locations.
 - B A list of personnel responsible for quality control testing and their phone numbers.
 - C A quality control plan including:
 - (1) Testing equipment and calibration
 - (2) Employee functions and training
 - (3) Sampling and testing frequencies, and production ranges of each paint formulation
 - (4) Company quality certification programs
 - (5) An agreement to perform correlation testing
 - (6) A monthly summary of production control tests and retain records for a period of three years
 - (7) A list of each type of paint formulation
 - (8) A statement that each batch will meet specifications
 - (9) Examples of container labeling
 - (10) An agreement for onsite inspection
 - (11) Yearly updates of the quality control plan
 - (12) A notarized statement warranting the Department against costs due to non-specification material
2. Notify the Department on any changes in production or materials prior to shipment.
3. Provide the Department a contract name number and e-mail address.
4. Provide recertification documentation by January 1 of each year.

Acceptance by the Department

The Office of Materials Management will review a manufacturer's submittal for compliance with specification requirements and Supplement 1084.

Accepted products will be listed on the Department's qualified product list web page and will be loaded into the Department's Construction Management System for acceptance in the field through the QPL screen.

Field Documentation requirements

Products on the QPL will be accepted if they can be identified by the field to a manufacturer listed on the Department's Qualified Products List.
