

Flexible Delineator Post

Qualified Product List **Specification - Requirements**

ODOT Construction and Materials Specifications - 720.03

Requirements for inclusion on the Qualified Product List

Submit to the Office of Materials Management the following information:

1. Manufacturer's letter certifying the Flexible Delineator supplied to the project will meet or exceed Departmental specifications and include:
2. Provide documentation and samples required under Supplement 1020
3. Typical markings, if any, indentifying manufacturer
4. Agreement to immediately notify the Department on any changes in production, materials, dimensions, before shipment.
5. Provide the Department a contact name, number and e-mail address
6. Provide Re-Certification documentation by January 1 st of each year.

Acceptance by the Department

The Office of Materials Management will review a manufacturer's submittal for compliance with specification requirements and will perform tests on the pre-qualification samples.

Accepted products will be listed on the Department's qualified product list web page and will be loaded into the Department's Construction Management System for acceptance in the field through the QPL screen.

Field Documentation requirements

Products on the QPL will be accepted if they can be identified by the field to a supplier/manufacturer listed on the Department's Qualified Products List
