

## Unit Type Duct Cable Systems

### Qualified Product List      Specification - Requirements

ODOT Construction and Materials Specifications 725.03

### **Requirements for inclusion on the Qualified Product List**

---

#### **Submit to the Office of Materials Management the following information:**

1. Manufacturer's letter certifying the electrical cable within the Duct and the Duct supplied to the project will meet or exceed Departmental specifications for both.
2. Accompanying the letter will be a typical certification for the duct cable system supplied by the manufacturer of the system.  
A A typical sample at least 10 feet (3 m) long of the typical duct system to be compared to specification for markings
3. Agreement to immediately notify the Department on any changes in production, materials, dimensions, before shipment.
4. Provide the Department a contact name, number and e-mail address
5. Provide re-certification documentation by January 1 of each year

#### **Acceptance by the Department**

The Office of Materials Management will review a manufacturer's submittal for compliance with specification requirements and may perform tests on the pre-qualification samples

Accepted products will be listed on the Department's qualified product list web page and will be loaded into the Department's Construction Management System for acceptance in the field through the QPL screen.

#### **Field Documentation requirements**

Products on the QPL will be accepted if they can be identified by the field to a supplier/manufacturer listed on the Department's Qualified Products List
