

Removable, Nonreflective, Preformed Blackout Tape
Qualified Products List (QPL)

Specification - Requirements

ODOT Construction and Materials Supplemental Specification SS 987

Requirements for Inclusion on the Qualified Product List

Submit to the Office of Materials Management the following information:

1. Certified Test Data as required under Supplement SS 987
2. Manufacturer's letter certifying that all Removable, Nonreflective, Preformed Blackout Tape supplied to the project will meet or exceed Departmental Specification.
3. Agreement to immediately notify the Department on any changes in production, materials, dimensions, before shipment.
4. Provide the Department a contact name, number and e-mail address.
5. Provide re-certification documentation by January 1 of each year.

Acceptance to the Department

The Office of Materials Management will review a manufacturer's submittal for compliance with specification requirements and will notify the manufacturer as to the acceptance of the product submittal.

Accepted products will be listed on the Department's QPL web page and will be loaded into the Department's Construction Management System for acceptance in the field through the QPL screen.

Field Documentation Requirements

Products on the Department's QPL will be accepted if they can be identified in the field to a supplier/manufacturer and brand name listed on the Department's QPL.
