

Wet Reflective Removable Tape

Qualified Product List

Specification - Requirements

ODOT Construction and Materials Specifications S873 and S1085

Requirements for inclusion on the Qualified Product List

Submit to the Office of Materials Management the following information:

1. Manufacturer's letter certifying the wet reflective removable tape sealant supplied to the project will meet or exceed Departmental specifications
2. Provide certified test data
3. Agreement to immediately notify the Department on any changes in production or materials before shipment.
4. Provide the Department a contact name, number and e-mail address
5. Provide re-certification documentation by January 1 of each year

Acceptance by the Department

The Office of Materials Management will review a manufacturer's submittal for compliance with specification requirements and may perform tests on the pre-qualification samples. Accepted products will be listed on the Department's qualified product list web page and will be loaded into the Department's Construction Management System for acceptance in the field through the QPL screen.

Field Documentation requirements

Products on the QPL will be accepted if they can be identified by the field to a supplier/manufacturer listed on the Department's Qualified Products List.
