1085.01   Description
1085.02   Prequalification Procedure
1085.03   Removal from the Prequalified List
1085.04   Reapproval
1085.05   Modifications to Prequalified Wet Reflective Removable Tape

1085.01   Description. This supplement describes the procedure by which the Department will maintain a List of Prequalified Wet Reflective Removable Tapes for use by and on contracts administered by the Department.

1085.02   Prequalification Procedure.   Provide certified test data (no older than five years) from an independent laboratory which describe how each requirement of 873.03 is satisfied. Submit a sample with the test data.

1085.03   Removal from the Prequalified List. A Wet Reflective Removable Tape may be removed from the prequalified list if, in the Department's sole discretion, the Wet Reflective Removable Tape has substantially or recurrently failed to perform satisfactorily in the field.

1085.04   Reapproval. The Department will not return a Wet Reflective Removable Tape removed from the prequalified list due to unsatisfactory field performance to the list until the manufacturer identifies the reason for the failure and the problem has been corrected to the satisfaction of the Department.   Experiences of other States or governmental agencies may be considered in this action.

1085.05   Modifications to Prequalified Wet Reflective Removable Tapes. It is recognized that manufacturers will occasionally modify certain aspects of their products in an effort to enhance performance, improve durability, reduce costs or for other similar reasons. Wet Reflective Removable Tape manufacturers must notify the Department whenever modifications are made to products contained on the prequalified list. The Department will review the changes being made and, at its sole discretion, decide what action, if any, is appropriate. Appropriate action includes limitation of usage or removal from the prequalified list.
