

# Finding a Current USDOL Wage Determination

1. Go to the USDOL Wage Determinations website at: <http://www.wdol.gov/dba.aspx#3>

The screenshot shows the 'Wage Determinations OnLine.gov' website. The browser title is 'Selecting DBA Wage Decisions - Microsoft Internet Explorer provided by ODOT'. The address bar shows 'http://www.wdol.gov/dba.aspx#3'. The website header includes the title 'Wage Determinations OnLine.gov' and a navigation menu with 'HOME', 'FAQs', 'User Guide', and 'Help'. Below the header is a table with three columns: 'Service Contract Act', 'Davis-Bacon Act', and 'Related Information'. The 'Davis-Bacon Act' column contains a red link 'Selecting DBA WDs...'. Below the table is a red-bordered box with a caution: 'CAUTION: Users should note that the only WDs applicable to a particular solicitation or contract are those that have been incorporated by the contracting officer in that contract action.' The main content area is titled 'Selecting DBA Wage Decisions' and offers two search methods: 'Select DBA WD by number:' with a search box and 'OR By Selection criteria beginning with:' with dropdown menus for State (Alabama), County (All), Construction Type (All Construction Types), and WD Number (All). A 'Search' button is present for both methods. A 'Back' link is at the bottom left. A 'Browse by state/territory' box on the right lists links for 'View the latest modifications and additions to the Davis-Bacon Database', 'View the modifications or additions to Davis-Bacon Wage Determinations due to be issued and published on WDOU.gov', and 'View Archived Wage Determinations'. The footer contains 'Help | Privacy & Security Statement | Quality and Disclaimers'. The Windows taskbar at the bottom shows the Start button, open applications, and the system clock at 9:11 AM.

2. Select the correct State, County, Construction Type (always pick "Highway"), WD Number (you should only have a choice of only 1), and then hit "Search"

- This screen will present you with the rates for the most current Wage Decision for that county. If the project in question sold on a date **prior to** this most recent publication date, determine which Modification Number is applicable, by looking at the Publication Dates, and choosing the one closest to, but before the actual sale date of the project. Using this Modification Number, you can then search the Archives database (searching achieves is the next tutorial).
