Prebid Questions

Project No. 040501

Sale Date - 9/22/2004

Question Submitted: 8/31/2004

Question Number: 1

Pay item number 4 is for 309.2 lf. of ground mounted support, w10 x 12.

After reviewing the plan sheets it would appear that there are 147.54 lf. of ground mounted support, w10 x 22 and 161.58 lf. of ground mounted support, w10 x 12.

However there is no pay item for the w10 x 22. Should the w10 x 22 be w10 x 12 or will an additional pay item be added and the quantities adjusted accordingly.

Please see addendum #1.

Question Number: 3

On Aug. 31st. I sent in a question regarding Bid Ref. 4, 309.2 Lf of W10 X 12 ground mounted supports.

There is 147.54 Lf. of W10 X 22 ground mounted supports shown on the plan cross section sheets, and it would appear that this material has been included in the footage for the W10 X 12.

I'm wondering if this has been resolved or maybe my inquiry did not make it to you.

Your help in this matter will be grateful.

Thanks

Steve

Question Number: 4

After further review of the bid items and the plan sheets, I have discovered that additional information is required.

Pay Item 7 is for 13 ea Sign Attachment Assembly.

I have been unable to locate the signs that these attachments are required for. The fabricator requires the size of the signs and if possible the type of structure being mounted on (ie: TC-12.30, or TC-7.65).

If this information is on the plans please tell me where and I will do the necessary take off's, if it is not on the plans please provide the information for me.

Once again thank you for your help.

Steve Russell

Quantity of 9 sign attachment assemblies on sheet 29. 2 on sheet 159. 2 on sheet 163. Total of 13 sign attachment assemblies.
