Project No. 080501

Sale Date - 8/6/2008

Question Submitted: 7/24/2008

Question Number: 1

Regarding the Epoxy-Urethane sealing on this project. If there is existing sealer on the items to be sealed with new Epoxy-Urethane on the various bridges, will the existing sealer be required to be removed before the new sealer can be applied?

Ans.2 During design this was considered and have decided not to because of the traffic detours. ODOT respectfully declines the request.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
