Prebid Questions

Project No. 070355

Sale Date - 7/18/2007

Question Submitted: 6/20/2007

Question Number: 1

On page 8/25 of the plans you show 8" double solid centerline, and 8" lane line with no pay items for either. If this is not correct are quantities ok. Please clarify.

Question Submitted: 7/16/2007

Question Number: 2

It appears the proposal is missing a pay line item for Law Enforcement Officer with Patrol Car based on the note on Page 2/12, right hand column, paragraph F. states " the contractor shall provide for the service of a City of Fairfield Police Officer with patrol car for the exclusive purpose of controlling traffic whenever a lane or lanes are being closed." Please advise.

Question Submitted: 7/16/2007

Question Number: 3

Re: Item 6 253 Pavement Repair Assuming pavement repair precedes pavement milling, does the quantity of the above item (822 CY 301) include the additional 2.5" (for a total of 10.5") of 301 needed to bring the repair flush with the existing surface? Or does 822 CY represent only 8" of material? Thanks.

Yes, the pavement repair will precede the planing. The 822 CY represents a total repair depth of 8". The drawing on sheet 5 does not show the depth of the repair correctly. The correct repair depth is 8", not 10.5".

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
