

Ohio Department of Transportation Prebid Questions

Project No. 080264

Sale Date - 4/9/2008

Question Submitted: 4/8/2008

Question Number: 1

Where do we find details on the maintenance of traffic required for references 7 & 8?

Sheet 9/12 of the plans, first paragraph states that "Where all work activities are confined to the shoulder and no encroachment into the travelled lanes is necessary, the minimum traffic control shall be in accordance with the Ohio Manual of Uniform Traffic Control Devices." Therefore details are found in the OMUTCD.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
