This project has a 5% DBE goal, and basically the only subcontract work will be the pavement striping.

1. Would the Department consider revising the goal on this project?
2. Could the Department please provide the list of Qualified DBE's considered when this goal was established?

**The contractor is required to perform all Good Faith Efforts to meet the assigned goal. The process to request a partial waiver of the goal can be found in PN 13. The goal will not be revised.**
