Prebid Questions

Project No. 050180

Sale Date - 3/23/2005

Question Submitted: 3/15/2005

Question Number: 1

We install the Special Polymer Modified Asphalt Expansion Joint System in bridges.

We only use Mild Steel Plate in our installation, never Stainless Steel Bridging Plate, there should be no stainless steel bridging plate used in this installation.

Please explain the sudden reference to stainless steel bridging plate.

Thank you.

Question Submitted: 3/16/2005

Question Number: 2

Project plans and reference no. 60 call for deep beam railing with Type 2 steel posts. The bridge terminal assemblies set up under reference no. 10 do not match this type of bridge railing. How should this item be bid?

Question Submitted: 3/21/2005

Question Number: 3

On sheet 3/30 under environmental notes, numbers 7 and 8, who is responsible for payment of these items?

No pay items have been set up in the Proposal for this work. Therefore, in accordance with CMS 105.04, the Proposal shall take precedence over the Plans. The contractor will not bid on this work. The work shall be nonperformed.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
