Prebid Questions

Project No. 100018

Sale Date - 1/14/2010

Question Submitted: 12/30/2009

Question Number: 1

This question is in regards to the traffic control for Location # 4 that is detailed on page 19 of the plans. We can not find SR 237 on the "District 12 permitted lane closure times". Is there any time restrictions on when lanes can be closed to set out the Portable Concrete Barrier? Also, we can not find in the plans where it says how long the permanent zone (8ft shoulder closed one side, 12ft lane and 8ft shoulder closed other side from approx stations 609+00 to 625+00 using PCB) can be kept in place. Please clarify.

The prebid question is addressed with Addendum 1.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
