Prebid Questions

Project No. 100236

Sale Date - 4/29/2010

Question Submitted: 4/15/2010

Question Number: 1

Will ODOT furnish the controller software for the Type 170E controller as specified for Item 60, Controller Unit Type 170E with Cabinet Type 332?

The controller software will be furnished and installed by the Contractor per the CMS. Please bid accordingly.

Question Submitted: 4/26/2010

Question Number: 2

Line Item 061 for GPS should include a software upgrade to support the GPS function.

Question Submitted: 4/28/2010

Question Number: 3

Reference number 36 and 37 plan notes specify polycarbonate signals with a minimum wall .117" wall thickness. What is the basis of the wall thickness specification? Are polycarbonate signals with a lesser wall thickness which are structurally sound and conform with ITE specifications acceptable?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
