Prebid Questions

Project No. 070142

Sale Date - 3/16/2007

Question Submitted: 3/5/2007

Question Number: 1

Page 6 of the plans. Item 424-Fine Graded Polymer Asphalt Concrete, Type B note. First line reads "Fine Graded Polymer Asphalt Concrete, Type B "Heavy" shall....". This note conflicts with what is stated on Page 35 of the proposal. It lists the Design Requirements for Plant Mix Pavements as Heavy for MAR SR-98 and Medium for PIC US-23. Please review this item and clarify.

Question Submitted: 3/5/2007

Question Number: 2

Ref # 14 617E10100 Compacted Aggregate. Quantity appears high. Sheet 11 shows MAR-98 with a 2" average berm depth, Sheet 12 shows PIC-23 with a 2" average berm depth, and Sheet 13 shows PIC-752 with a 2" average berm depth. All roads are to get only 3/4" pavement depth added, is 2" average a realistic depth for berm? Please check berm calculation on sheet 23. Please check berm calculation on sheet 26. Please review these items and clarify.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
