Prebid Questions

Project No. 050337

Sale Date - 6/8/2005

Question Submitted: 6/2/2005

Question Number: 1

The completion date for this project is 10/31/05. Once the project is sold and awarded, it will be the end of June. There is not enough time to get material ordered, mobilized to each location and complete the work. Also see Plan note on page 4/20 for "maintaining traffic." This could also delay the project. We would like to request the completion date be changed to spring of 2006?

The district has reviewed your question and respectfully disagrees with you. They believe that sufficient time is provided to complete the work.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
