Prebid Questions

Project No. 060297

Sale Date - 6/21/2006

Question Submitted: 6/15/2006

Question Number: 1

Page 2 of the plans clearly states that all type 1 markings are to be applied twice. Once in 2006 and again in 2007. This would cause the quantities from summary page 4 to be doubled, and they have not been doubled. Page 20 and 23 of the plans imply that only a small amount of the type 1 is to be applied in 2006 and the vast majority done in 2007 (no double application). Which pages are correct- page 2 or pages 20 & 23?

The quantities in the plan are correct. Please follow sub-summary sheets 19, 21 & 22 for application times and locations.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
