

Ohio Department of Transportation Prebid Questions

Project No. 050134

Sale Date - 2/23/2005

Question Submitted:

Question Number: 1

Ref # 0014 Construction Layout Stakes where are they used and what are they used for?

the construction layout stakes would be used to stake the property lines at the locations where the structures are being demolished to ensure that the work and equipment stay within the work limits.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
