Question Number: 3

Pre-Bid Question 085(07) DEL 23-17.48 The existing typical sections show 11" and 8" concrete (pg 5/78) and the new pavement sections are non-reinforced pavement. Based on this information we are assuming that the existing pavement sections are without reinforcing. Please advise if this is incorrect.

Question Submitted: 2/20/2007

Question Number: 4

This project includes an item for Lime Stabilized Subgrade (item 0006). However, there is not a pay item for the lime material as per the 206 specification. Will a pay item be added for the material?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
