Prebid Questions

Project No. 050219

Sale Date - 4/6/2005

Question Submitted: 3/18/2005

Question Number: 1

The plans and specifications for this project did not include written specifications for the following items:

B/R 0050: Controller Unit, Type TS2/A2, with Cabinet Type TS1

B/R 0051: Controller, Master, Traffic Responsive.

Will written specifications be provided for these items?

CMS 633 and 733 apply. No additional descriptions are necessary.

Question Submitted: 3/30/2005

Question Number: 2

At the intersection of Rye Beach Rd. and Cleveland Rd. there are existing detector loops. Are the loop detector units going to be moved from the existing cabinet to the new one, or are new detector units to be supplied? If new are to be supplied, how many and what type?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
