

Ohio Department of Transportation

Prebid Questions

Project No. 060461

Sale Date - 10/18/2006

Question Submitted: 10/9/2006

Question Number: 1

Please make available any soil borings and existing structure drawings that pertain to this project. Thanks

We have no existing drawings nor borings for either structure. Bridge cards can be viewed at <ftp://ftp.dot.state.oh.us/Pub/Contracts/Plans/060461/> for additional information. On sheet 16 /41 of the plan, please note that structure FAI-188-21.55 should be identified as a steel beam bridge with a concrete deck and not as a concrete slab bridge.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
