Prebid Questions

Project No. 070358

Sale Date - 8/1/2007

Question Submitted: 7/17/2007

Question Number: 1

On sheet 49/64, it states that reinforcing steel for the piles is included in Item 507. Should the bid quantity for item 509 be changed, so that it does not include the pile reinforcing steel? Can portions of the temporary pavement be left in place permanently, in lieu of removing and replacing with single chip seal? Will the SWPPP bid item be non-performed as per spec 832? The total EDA is greater than 1 acre, but there are 2 different sites and each site is less than 1 acre?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
