Question Submitted: 2/19/2010

Question Number: 2

Are we required to perform the inspections per Supplemental Specification 802 on all 603 piping? Is this mandatory from now on for 603?

This question is answered by Proposal Note 603, which was included in the original plan package. This requirement is needed only for this project, at this time.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
