Question Number: 1

# 1 Item 614 maintaining traffic, sheet 2, of the plans states that "no work shall be performed and there shall be no lane or ramp restrictions on any day between the following given times: 11:00 a.m. until 9:00 p.m. (Sunday-Saturday)". The note on sheet 4, item 202 wearing course removed, as per plan states that, "All repaired areas shall be inlayed item 446 asphalt concrete intermediate course before opening to traffic". Is it your intent that we perform both the repairs and intermediate paving per each nighttime closure?

# 2 Sheet 2 of the plans Item 614 maintaining traffic mentions a maximum closure length of 4 miles. Sheet 9 sequence of operations mentions a maximum 2.5 mile closure. Please clarify.
