

# Ohio Department of Transportation

## Prebid Questions

Project No. 090336

Sale Date - 6/24/2009

Question Submitted: 6/14/2009

Question Number: 1

Note on Plan Sheet 1 states that Ramp at Location #4 will be closed to traffic with detours provided by ODOT. Plan Sheet 6 shows Ramp at Location #4 with traffic maintained using concrete barrier. Please clarify conflict.

**Plan note Item 614 Maintaining Traffic (sheet 4) explains the closures and restrictions for project including Location 4. The ramp closure is specified for the purpose of setting up the PCB's (as shown on sheet 6) and removal of the PCB's for the duration of one working day each. (This way the contractor will have safer work zone for setting up the PCB's and removal of the PCB's.)**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
