Prebid Questions

Project No. 080167

Sale Date - 3/5/2008

Question Submitted: 2/15/2008

Question Number: 1

Bid item 63 Lane line 1.16 miles is an incorrect quantity. On plan sheet 45 it shows the summary for the lane line. The one location said to receive 0.60 miles of lane line should actually be 0.06 miles. The one location said to receive 0.50 miles should actually be 0.05 miles. The correct total quantity should thus be 0.17 miles.

Question Number: 2

The battery specification found on page 49 of 62 pertaining to bid reference 95, Uninterrupted Power Supply (UPS), 1000 watt, appears to be an older ODOT specification no longer in use. It is our understanding that "approved equal" specified in note # 1 of the battery system after the 105 Ahr specification is no longer acceptable to ODOT and that the current specification requires 105 Ahr batteries (no substitutes or approved equals) as was specified in the ODOT annual contract ITB 004-08. Will an addendum be issued removing the approved equal from this battery system note.
