Prebid Questions

Project No. 070146

Sale Date - 3/16/2007

Question Submitted: 3/1/2007

Question Number: 1

The note on sheet 146 for Unclassified Excavation, APP states that this item is for undercutting and backfilling under the conduit area at the discretion of the engineer. Where does the regular unclassified excavation and backfill for the retaining wall get paid?

Question Submitted: 3/1/2007

Question Number: 2

There is no construction joint shown in the drawings between the wingwall footing and stem on sheets 144-146. It is not practice to construct this retaining wall without a joint. Unless clarified by addendum, we will assume that one will be allowed.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
