Question Number: 1

Plan sheet 23 details work on Bridge HEN-18-000SR, SFN 3500810 which is outside the project limits as shown on plan sheet 11. Then also on plan sheet 11, at approximate Sta. 47+60, Bridge HEN-18-0090, SFN 3500845, it appears that work should take place at this bridge but there are no corresponding bridge details. Can you please clarify where the work is to take place and what the scope of work is?

HEN-18-0000SR is located outside the project limits on the south corner of TR 19. The contractor should resurface the bridge and approach slabs as per the plan. HEN-18-0090 was removed from the plan due to environmental concerns. The contractor should stop and restart his work as per the plan.
