Question Number: 1

Addendum 1 revised note states that guardrail rebuilt as per plan will be used to rebuild guardrail. It doesn't say that the item includes guardrail removal or reshaping under guardrail. Please indicate if there will be separate pay items, or whether these items are to be included in guardrail rebuilt, as per plan. It also appears from the note that posts will be reused, but that blocks and guardrail element. Do you want to create a guardrail post bid item to deal with damaged posts that are encountered that are not suitable for reuse.

See Addendum # 2 for removal and reshaping items. Posts are included in Item 606 Guardrail Rebuilt.
