

# Ohio Department of Transportation Prebid Questions

Project No. 050190

Sale Date - 4/6/2005

Question Submitted: 3/16/2005

Question Number: 1

This project is the rehabilitation of an existing structure. The major items work are deck overlay, some full deck replacement, structural steel repairs, OZEU painting and extensive pneumatically placed mortar. It will be a difficult for the general contractor to do 50% of the work. We request the following: 1) the requirement for the general contractor to perform 50% of the work is reduced to 40% for this project, or 2) Ref. No. 46 Pneumatically Placed Mortar, would be considered a "Specialty Item" for this contract.

**A1) The Department respectfully declines to reduce the required percentage. A2) Pneumatically Place Mortar will not be considered a specialty item under the current system of work type classification.**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.

## Prebid Questions

Project No. 048014

Sale Date - 7/14/2004

Question Submitted: 7/7/2004

Question Number: 1

Please review the following items:

- a) There is not a bid item for Item 614, Detour signing,
- b) There is not a bid item for Item 848, Surface preparation using hydrodemolition,
- c) Provide an additional 15 days (total of 75 days) that the bridge is closed to traffic under full detour. This is necessary due to extensive structural repairs, new app. slabs, micro-silica o/l and painting of the structure. It is more efficient to stage the painting work from the bridge deck rather than from below the bridge due to existing terrain and because there is private property on both sides of the bridge.

**See addendum #2**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
