Prebid Questions

Project No. 090303

Sale Date - 6/3/2009

Question Submitted: 5/29/2009

Question Number: 1

Plan Sheet No. 34 references totals carried from sheets 13-18. These sheets do not show these quantities. Where do these quantities come from? Also, will shoulder work in the median be required to be performed at night? How about trucks entering and exiting in the median?

The quantities on sheet 34 are correct and they come from sheets 28-33. On sheet 34, the reference to sheet 13 should be sheet 28, the reference to sheet 14 should be 29, the reference to sheet 15 should be 30, the reference to sheet 16 should be 31, the reference to sheet 17 should be 32 and the reference to sheet 18 should be 33. Shoulder work or median work that is inside of the clear zone (30 feet) of adjacent traffic will require a single lane closure. Lane closures will only be implemented at the times listed on the Ohio Department of Transportation's Web Site that is listed in the "Maintaining Traffic" note located on sheet 4.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
