Prebid Questions

Project No. 070504

Sale Date - 11/7/2007

Question Submitted: 11/1/2007

Question Number: 1

In the general notes under item 602 - Masonry Misc.: Repointing it states that a qualified testing laboratory be retained to determine the composition of the existing mortar. Is there a list available of qualified laboratories for this item?

A) There is no list available, as "qualified" does not mean "pre-qualified", or someone on a list. It means someone who has done this type of work before.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
