Prebid Questions

Project No. 060130

Sale Date - 3/8/2006

Question Submitted: 3/2/2006

Question Number: 1

Ref.# 8 Special Drilled Water Well Abandoned. On page 12A/12B

there is no depth provided for the Water well. Could you please provide the depth so that we can price this item accurately. Thank you.

We have contacted both the Lorain County Health Department and ODNR for information on the subject water well. Both agencies did not have specific information for the well. The contact at Lorain County indicated water wells in the area vary from 65 to 85 feet in depth. The ODNR web site had other wells located along SR 252 near the project area that varied in depth from 85 to 135 feet in depth. Based on this information we can only estimate the depth of the Reynolds well would be similar to this information, which indicates the depth between 75 to 110 feet.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
