

Ohio Department of Transportation Prebid Questions

Project No. 040360

Sale Date - 6/4/2004

Question Submitted:

Question Number: 1

The DBE requirement for this project is 10%. Given the smaller size of this project and types of work involved, we feel that the requirement is too high and will be difficult to achieve. Will ODOT lower the requirement?

The Department respectfully declines to lower the 10% goal. A waiver process is in place should the goal not be met despite a good faith effort to comply.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
