Reference 18, Item Special - Geoweb Slope Protection notes on page 30 state that the system shall be manufactured by Presto Products Company. Will or has the Department considered other manufacturers before the bid date or is this strictly the only material source to be utilized in this application?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
