## Prebid Questions

Project No. 080483

Sale Date - 7/23/2008

Question Submitted: 7/15/2008

Question Number: 1

This project has a sale date of July 23. Given 30 days for contract processing that would put the completed contracts in place August 23rd. Delivery of poles is 14 to 16 weeks, making them available around January 1st, 2009. The current completion date is October 15, 2008. We respectfully request that this completion date be moved to May 1, 2009.

Question Submitted: 7/15/2008

Question Number: 2

Ref number 15 lists two way vehicular signal heads. The plans do not call for two way signal heads, but do call for five section signals - which do not show up in the proposal. Please consider deleting ref 15 and adding a pay item for the 5 section signals.

Question Submitted: 7/17/2008

Question Number: 3

Should the description for Bid Reference 15 be changed to read "Vehicular Signal Head, (LED), 5-Section, 12" Lens, One-Way, As Per Plan?"

Question Submitted: 7/21/2008

Question Number: 4

Reference Number 0027, Controller Unit and Reference Number 0028, Controller Master, are limited to one brand. Is a sole source qualified if there is a new system with a new Master controller to be put in place? The existing controller Modification (there is only one ) could allow for controller unit replacement if necessary.

**The new signal is being added onto an existing interconnected system that has 5 signals that were installed by an open bid on a previous contract, so a sole source is permitted.**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
