Question Submitted: 2/20/2010

Question Number: 1

Asphalt for Maintaining Traffic, Class B quantity for Part 2 is understated per the typical section on page 2/43. The 349 SY that is set up will only permit the three foot shoulder in Stage 1 on sheet 6/43 to be installed. Please advise how the four foot shoulders in the typical section on page 2/43 will be paid for?

A: Quantity has been added to address the Asphalt for Maintaining Traffic, Class B quantity.

Question Submitted: 2/8/2010

Question Number: 2

Where in the bid schedule do we put the cost for installing the sheet piling? The sheet piling is referenced in the Maintenance of Traffic pages, but there are no notes to tell where in the bid schedule to put this cost.

Item 503 - Cofferdams, Cribbs, and Sheeting listed for each structure in the applicable structure notes shall pay for all sheeting used at each location.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
