Project No. 043001

Sale Date - 9/22/2004

Question Submitted: 9/16/2004

Question Number: 1

You have given soil boring logs for the two bridge's. But, What is the soil bearing capacity for each?

MER-117-0931

and

MER-117-1021

Thank you in advance for your help.

It is the responsibility of the designer to determine soil bearing capacity. You should contact your design partner.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
