Question Number: 1

I am confused regarding SWPPP and the BMP erosion control items. This project has a project EDA of 0.09 acres, and the estimated contractor EDA is n/a (maintenance) and the NOI EDA is n/a (maintenance). According to SS832,832.06, a SWPPP is not required. It also states that the BMP will not be compensated. My first question is this: If SS832 states that a SWPPP is not required, why then is there a bid item for this? Should it be bid for \$1.00/LS? My second question is this: If the BMP will not be compensated, why is \$15,000 setup to cover the BMP erosion control work? Please clarify this issue, since I have heard several different opinions. Sincerely, Dan Meyer - SK Construction Co.

Per the plans and the proposal there is a special clause for RR Protective Liability Insurance. Is this cost incidental to the work or should there be a bid item for it?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
