Prebid Questions

Project No. 100203

Sale Date - 4/15/2010

Question Submitted: 4/12/2010

Question Number: 1

Ref. 203 is for the removal and re-erection is for the removal and re-erection of the existing ground mounted steel beams on the existing breakaway connections and foundations. If the intention is to move the supports to a new position it will be necessary to add two ground mounted beam foundations, breakaway connections, and ground mounted beam supports for at least the length of the stubs.

There is no Ref. 203 on this project.

Question Submitted: 4/13/2010

Question Number: 2

plan sheet 18/241 Item 204 Subgrade compaction and proof rolling: This note indicates that "the quantities for the soft soils are paid under item 204 excavation of subgrade." I have not identified a pay item for excavation of subgrade. Is it the intent to have all cost for removal and replacement of unsuitable materials be paid for under item 204 subgrade compaction?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
